

Esl Blackline Masters

Beginning -- Advanced. Teaching to Adversity is an invaluable teacher-training resource book of classroom strategies for LEP students. It offers a sound, well-developed theoretical base and a thorough overview of methodology in an easy-to-read format. The author examines current approaches and practices in refugee and immigrant education as well as in integrated, mainstream and ESL programs. Practical, innovative, classroom-tested strategies include integrating language teaching, active learning, process writing, thematic planning, cooperative learning, student publishing and more! Includes reproducible blackline masters for handouts and transparencies.

Provides classroom activities designed to teach English as a second or foreign language to children in the primary grades.

In Teaching English Language Learners through Technology, the authors explore the use of computers/technology as a pedagogical tool to aid in the appropriate instruction of ELLs across all content areas. The special focus of this book is on the informed use of various technologies and software programs that can specifically aid ELLs. Strategies are also provided for varying levels of access--whether teachers teach in a one computer classroom, have access to multiple computers, or have the ability to go into a computer lab at their school. A fully annotated list of web and print resources completes the volume, making this a valuable reference to help teachers harness the power of computer-assisted technologies in meeting the challenges of including all learners in effective instruction.

This practical book shows elementary school teachers how to differentiate instruction based on their students' situational and personal interests. It provides a large number of detailed and easy-to-use lesson plans to help you create choices to increase student engagement and learning. Also included is a set of blackline masters which you can duplicate and use in your classroom.

What about those little folks -- preschoolers, primary grade youngsters, and those in the elementary grades, regular education, special education, and ESL -- whose attempts to work their eyes and their hands together result in disaster? These youngsters require ongoing activities to get their learning systems "on go". What better than a tremendous variety of worksheets that involve copying and tracing and that assist in building the skills that are necessary for efficient learning? This is a full year's program that you can use over and over. Reproducible.

The lessons in this module introduce students to the classification system for living things. Students investigate the animal, plant, fungus, protist, and moneran kingdoms, to observe, identify, compare, and classify various living things. As well, they explore the field of archaeology through a study of fossils. Also included: * Materials lists; * Activity descriptions; * Questioning techniques; * Activity centre and extension ideas; * Assessment suggestions; * Activity sheets and visuals. The module offers a detailed introduction to the Hands-On Science program (guiding principles, implementation guidelines, an overview of the skills that young students use and develop during scientific inquiry), a list of children's books and websites related to the science topics introduced, and a classroom assessment plan with record-keeping templates.

Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs)

and ways in which educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include: • An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context. • "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs. • Additional practical examples and new pedagogical elements in Part 3 include more visuals, suggestions for harnessing new technologies, discussion questions, and reflection points. • New material that takes into account the demands of the Common Core State Standards, as well as updates to the web and print resources in Part 4.
