Now, she's back in town and has no choice but to face him. As Sergeant-at-Arms of the Lost Saxons Motorcycle Club, Logan is no

stranger to risk. He's made a career of throwing himself head-first into danger, but when danger comes knocking for Beth he's determined to keep her safe--even if she doesn't want his help. She may hate him, and she may have good reason to, but this time he's not letting her walk away.

Historically, the conservation of forests and wildlife has focused on the creation of national parks and reserves. However, only 9% of protected areas are larger than 14,000 hectares, likely making them too small to conserve ecosystem services and prevent loss of wide-ranging keystone species such as elephant and leopard. New approaches are needed that extend conservation beyond protected area boundaries into areas where economic considerations prevail. The book describes one such emerging model of conservation: the integration of the private sector into partnerships to protect biodiversity and improve forest management. While such partnerships are being created in nearly every sector of resource extraction, detailed analyses of how such partnerships work and whether they benefit biodiversity conservation are rare. Using a case study from the Congo Basin, the book examines principles of conservation and partnership, and provides technical and methodological details to replicate an innovative conservation model. It presents concrete solutions for expanding conservation across multi-use landscapes, a necessary action as industry expands to all the corners of the globe.

His skills can help them invade every other dungeon in the kingdom. He might even aid their fight against the Infernal King, whose gearfolk and prisonaunts terrorize the land. We live in a foolish world with women making bad choices and suffering from the collateral damage of other's wrong choices. The One Year Wisdom for Women Devotional, based on the audio program of the same name, was birthed out of the great need for women to hear how God addresses every single facet of their lives through the powerful and practical book of Proverbs. For many, the Proverbs are hard to study because the topics jump around from verse to verse. The One Year Wisdom for Women Devotional is a practical tool that will help women in their daily walk with the Lord. It is a great companion to the One Year Bible because it directly follows that book's daily Proverbs reading. Each day not only follows the script of the Wisdom for Women audio program, it also references the One Year Bible reading schedule and ends with a powerful call to action.
